**\*\*7<sup>th</sup> and 8<sup>th</sup> Graders:**

**Future Notre Dame Academy Students:** NDA will highly recommend, if not require, the purchase of either a TI-83 or TI-84 graphing calculator in high school. Because of this, it is highly recommended (but not required) that all 7<sup>th</sup> and 8<sup>th</sup> graders purchase a TI-83 or TI-84 Calculator. It would be very beneficial to have your own calculator to learn on and use.

**Future De Pere High School Students:** You will more than likely be required to purchase the TI- Nspire calculator in high school. If you would like to wait and purchase this calculator in high school, the math teacher will have a few TI-83 calculators that can be used **for classroom use only**. If you do this, at least keep a scientific calculator with you so you have one to always use at your disposal.
